

KNOWLEDGE IS WEALTH, SO...SHARE THE WEALTH!

Do you:

- remember the feelings that came with your first day on the job as a new school counselor?
- value the opportunity to collaborate with colleagues when faced with daily challenges?
- like knowing you have a resource at the other end of your phone or computer?
- enjoy sharing ideas (and some challenges) with colleagues?
- like to make a difference in the profession by a small donation of your time and talents?

Then, we have a program for you! The Michigan School Counselor Association is here to "...actively promote excellence in professional school counseling by strengthening the identity and competencies of professional school counselors so that they may more effectively serve their constituents." This is the basis of the mentor program.

Please consider offering your knowledge and skills to new and/or returning school counselors. This involves a small investment of your time and can make a difference in the life of a colleague.

If you would like to be a mentor or would like to be mentored, please submit the following information by mail or e-mail:

Name: _____
Address: _____
City: _____ State: _____ Zip: _____
Work Phone: _____ School Phone: _____
Email: _____

I would like to be a: Mentor Mentee Grade Level _____

Please send to:
